Reviews

A must buy book if you need to adding benefit. Better then never, though i am quite late in start reading this one. I am very happy to inform you that this is basically the very best book we have study during my own life and could be he finest ebook for possibly.
(Rodger Hane)

CHECKING C PROGRAMS WITH LINT (BOOK)

O'Reilly Media, Inc, USA, United States, 1988. Book. Condition: New. Revised edition. Language: English. Brand new Book. The lint program checker has proven time and again to be one of the best tools for finding portability problems and certain types of coding errors in C programs. This book introduces you to lint, guides you through running it on your programs, and helps you to interpret lint's output. lint verifies a program or program segments against standard libraries, checks the code for common portability errors, and tests the programming against some tried and true guidelines. linting your code is a necessary (though not sufficient) step in writing clean, portable, effective programs.
